Nixon Vote Helps Kill School Aid

Senate Takes Up \$880 Million Bid

WASHINGTON (AP)-The Senate today takes up a new Democratic proposal to boost the size of the school aid bill after a dra-The newest proposal, by Sen.

A. S. Mike Monroney (D-Okla), would provide 880 million dollars a year for four years in federal grants for both school construction and teacher salary aid.

The defeated plan, by Sen. Joseph S. Clark (D-Pa), would have provided \$1,100,000,000 a year indefinitely for those purposes.

Senate leaders expressed hope that action on the school aid proposals can be completed by to-

Would Eliminate Wires

LOS ANGELES (AP) - A scientist predicts telephone calls from New York to California soon will be routed via an instrumented balloon orbiting a thousand miles above earth.

Dr. John Pierce, research director of the Bell Laboratories in New York, told a convention on military electronics Wednesday that westbound messages will be received at a laboratory near Barstow, Calif.

Such a plan would eliminate the need for costly telephone wires.

AND THE WORLD STATE OF THE PARTY OF THE PART

'These Days'

By GEORGE E. SOKOLSKY MORE ON CUBAN SUGAR

Manuel Pozo of Havana, Cuba, writes: ". . . United States is not subsidizing Cuba by paying higher prices for Cuban sugar. If anybody is being helped by this, it is the American beet croppers. It is to protect them that sugar prices are higher in the American market. In other words, sugar producers of the United States must sell at prices above the world market in order to adjust to the American standard of living. That is why Cuban sugar sells also at higher prices in the American market: because those prices respond to a national-need over there, and not because United States is graciously subsidizing Cuba. So it happens with all foreign sugar that is sold over there.

This paragraph raises several important questions. It is a typical Cuban point of view. It is also what one hears in many countries about American aid, namely, that it has made many rich men richer but that it has not reached down Main Office, Downtown FE 1-5000. Uptown FE 1-0832 to the people. This is a broad subject that ought to be studied objectively without regard to partisan politics. The criticism will undoubtedly be found to have ample justification, particularly in

> The United States does pay a premium price for Cuban sugar. The subsidy goes to whosoever owns the sugar. Some of it goes to American growers and American sugar companies; some of it goes to Cubans. The two cents a pound subsidy should be abolished whether American or Cuban companies are concerned. There can be no reason why this subsidy should be continued. There can no justification for it.

What Pozo claims is that the reason we pay It should not have to be said again that a two cents a pound subsidy to Cuby is not to aid Cuba but to maintain a higher price for both liberals and conservatives are neces- American sugar beet raisers. Spelling Studied COLUMBUS, Ohio (AP)

When an insurance executive lamented that new employes have not learned to spell while in school, high school English teacher Myron T. Seifert directed his students to write 500 business executives about the situation. Most replied, and Seifert's student have been analyzing their own spelling ability and learning habits in terms of what the businessmen say is necessary for success. Ohio State University's educational research bureau is making a related study.

JUST FOLLOW THESE SIMPLE RULES

1. Pick up an official Entry Blank in your nearest Grand Union-Empire Supermarket, or use newspaper entry blank.
It's free. You need not make a purchase in order to qualify.

2. Fill in your name and address and drop in entry box. You may visit your Grand Union Supermarket as often as you wish during the period of the contest, and may submit as many entries as you wish. Enter often, to increase your chances of winning.

4. Winners will be drawn weekly. Weekly contest will begin on February 1, 1960 and con-tinue through March 12, 1960. Each contest will be judged promptly and winners notified as soon as possible. Contest is open to everyone except employees of Grand Union, its subsidiaries and advertising agencies, Advertising Distributors of America and the families of these employees. Contest subject to all Federal, State and Local laws and regulations.

Decision of the judges will be final. All prizes must be accepted as offered. In case of ties, duplicate prizes will be awarded.

8. The Grand Union Company reserves the right to disqualify any entries, which do not conform to these rules.

AMERICAN MENU

BY GAYNOR MADDOX,

NEA Food and Markets Editor Canned chicken gravy, a brandnew product now on your grocer's shelf, is delicious as a pour-on over many favorite poultry dishes, also over potatoes, rice, noodles, grits, paper-thin pancakes, etc. Good, too, as an ingredient in skillet and casserole dishes. It combines with leftover chicken or turkey with noodles or rice; provides gravy for frozen poultry dishes and a creamy

tasty topping for croquettes. Chicken Kiev, a super de luxe gourmet dish, becomes possible in an easy home version with this canned chicken gravy. Perfect for that special Sunday din-

Its Third Session

ELMIRA, N. Y. (AP)-A public hearing, conducted by the U. S. Department of Agriculture, moved into its third session today, gathering data concerning possible revisions in pricing regulations.

Three dairy cooperatives in the New York-New Jersey milk marketing area are seeking increased payments to dairy farmers for bulk milk. A fourth cooperative says it favors the present system in federal Order 27.

Wednesday's meeting was re-cessed after a heated argument lared following the cooperatives' efforts to introduce a 26-page study report into evidence.

Dealers, claiming the report was influenced by cooperative thinking, objected to the report. Chief Hearing Examiner G. Osmond Hyde said he would decide today whether to accept the re-

Representatives of the coops said the report would aid the mar-keting administrators office in identifying bulk milk for administrative purposes.

The dealers said the report would influence the price of bulk

The three coops favoring the revisions seek to have the milk dealers, rather than the farmers, pay for hauling milk to processing plants. This would be accomplished by setting the price of bulk milk at the farm instead of the

processing plant.

The report was compiled by the cooperatives' economic advisors.

The details of the report were not available.

The marketing area includes metropolitan New York, Northern New Jersey, and sections of 35 Upstate counties in Eastern-Cen-tral New York.

Toys Mean Business

LINDEN, N. J. (AP) - Researchers for a major oil company here have been playing with toy boats for months. But they get paid for it.

Using models of oil tankers, they study ways to save money in the construction of piers for the big vessels. So far they have been able to simulate winds of 110 miles an hour, in wind tun-nels, and waves 27 feet high and 615 feet long.

30° of every telephone dollar you spend goes—not for your service-but for taxes!

No other household service in New York State is so overtaxed as your telephone. Yet none is more essential to you.

• In New York State you pay 69% higher state and local telephone taxes than the average in other states.

· You pay higher telephone taxes than in any state but one.

 Your telephone tax load is 4 to 5 times heavier than the tax on most other things you buy.

· You and other telephone users in New York pay one fifth of all state and local telephone taxes in the country.

· You even pay—as a part of your telephone bill-a "real estate" tax on the telephone instrument in your home or business. No other similar equipment on your premises is taxed as real estate.

 And you pay a 10% Federal excise tax too.

As a result, 30c of every telephone dollar you spend goes just for taxes!

Congress has voted to let the excise tax expire June 30 because it is unfair and discriminatory. It should be allowed to expire and it should not be picked up as a state tax.

Excessive taxation has helped bring the railroads to their present unhappy state. This should not be allowed to happen to telephone service.

Ulster Vols Set Sticker Campaign For Feb. 6 to 13

Volunteer firemen of Ulster Hose Company No. 5 under Chief Harry Lowe will canvass the fire district and fire protec-tion district distributing stickers with the telephone number of the fire company.

The number (FE 1-8130) can be stuck on the telephone. A similar drive was held three years ago but it is felt that many of the stickers probably

need replacing. The drive will begin Saturday, Feb. 6, and continue through the week of Feb. 8 to

Chief Lowe said residents of the district have been calling wrong numbers to get aid which means loss of valuable time in getting to a fire and bringing it under control.

Chief Lowe feels that close cooperation between residents and the fire company is important in improving the efficiency of the fire protection service.

Good Taste Today BY EMILY POST

Author of "Children Are People" and "Etiquette," etc. CORRECTION BEFORE OTHERS

Dear Mrs. Post: I have been in this country only a short time. My husband's family are very well educated and speak perfect English. While I speak the English language, I do not always use correct grammar. Whenever I make a mistake my sister-inlaw immediately corrects me whether we are alone or in the presence of others. I find it very embarrassing to have her do this. It is not that I am above correction, but I do mind her drawing attention to my mistakes when others are present. When I complained of this to my husband he said that she was

3 Die, 23 Hurt When Gas Truck, School Bus Hit

COVINGTON, La. (AP)-Three persons were killed and 23 injured, several critically, when a butane-gas truck collided with a school bus five miles north of here Wednesday.

Killed were the bus driver, Nina Mae Revere, 47, of Bush, and two pupils in the bus - Sylvia Jean Jenkins, 7, Covington, and Christopher Leehans, 6, Waldheim.

Jesse L. Shirley, 31, Mobile, driver of the trailer truck, said the rig jackknifed when he applied the brakes because he "saw a pair of headlights pull out from the school bus into my lane." There was a downpour at the time.

The St. Tammany Parish (County) school bus had about 36 passengers aboard, on their way from three Covington schools to the communities of Bush, Sun and Waldheim, northeast of here. The pupils ranged in age from 6 to 18.

Mrs. Robert Jenkins, mother of Sylvia Jean Jenkins, was waiting beside the highway to take her daughter from the bus. When the collision occurred Mrs. Jenkins rushed to the scene and pulled her dying daughter from the

JOE WAS SUPERB

A super basketball player can do three things well. He can this year would have been 202. Friday night, Joe Uhl, the Kingston High bread-and-butter player, did those three and did them in such a manner, he meant the difference between winning and losing a game. In our opinion, more than 100. it was his greatest performance in two years of varsity ball at Kingston High.

Uhl is not big in a basketball sense. He stands about 6-1. stopped playing not more than 50 Ind.; First Baptist No. 2, Fed. Uhl is not big in a basketball sense. He stands about 6-1. However, his reflexes are excellent and he has an uncanny knack of having his hands in the right place at the right time. He let his presence be known at the Indians' band box on Friday evening.

The junior star not only had 29 points but he plucked 18 rebounds off the boards and chipped in with four vital assists. To make his contribution even more outstanding was the fact that the Liberty fans were constantly heckling him, from the time he took the floor until the game had ended.

Uhl had the same heckling earlier in the season at Fallsburgh. He didn't know how to handle it. Friday was a different story. The more noisy the fans became, the better Joe played. Our guess is that as long as Joe just plays basketball the way he did Friday at Liberty, the DUSO basketball championship will might take under consideration cules Aces, Petersen Panthers, might take under consideration Rotron; Gulls, IBM Seneca; Fercome back to Kingston. He is certainly the outstanding player in the DUSO League. His shoulders are carrying a heavy load. Can he do it? We think so.

MAKING POINTS

You can look for a rash of astronomical point totals for high ing the total to 83. school basketball players now because a trend seems to have start- This year, back of Roush, Rice No. 1, FB; Catholic War Vets, school basketball players now because a trend seems to have started. A week ago a lad in Bristol, Pa., tallied 114 and a few days later another in Burnsville, West Virginia, pumped in 135 in a 173-43 win. This could turn into a race, which has no limit. For awhile the country was gripped by the yo-yo craze, later it was hula hoops and telephone booth stuffing. Now the ground work is being laid for basketball binges. . . Of course, the other extreme is also possible. Dover Plains went scoreless last Friday in a high school game and during the Holiday tourney at Saugerties, Onteora cagers went through the first quarter against Clarkstown without a point. . . .
